Investment Strategy and Market Update

On his 100th day as Federal Reserve (Fed) Chair, Kevin Warsh delivered his keynote speech at the annual Jackson Hole Economic Symposium in Wyoming on August 28, 2026. Chair Warsh firmly put a September rate hike back on the table, emphasizing the Fed "has work to do" if inflation fails to make sufficient progress toward the Fed's "firm, fixed" 2% target. He also reaffirmed the Fed's current focus is on the inflation side of its dual mandate as the data remains "more concerning."

The August CPI report, scheduled for release on September 11, will serve as a critical test ahead of the Fed's September 16 FOMC meeting. The Fed will be looking for evidence that inflationary pressures are moderating, and any indication to the contrary will further strengthen the case for a rate hike.

The August jobs report exceeded expectations, with non-farm payrolls increasing by 162,000. The unemployment rate was unchanged at 4.1%, while the labor force participation rate edged up to 61.6%.

Treasuries ended the month at 3.83%, 4.34%, 4.75%, and 5.24%, representing changes of +7 bps, +5 bps, +2 bps, and -3 bps, respectively.

The ICE BofA 3-month, 2-year, and 10-year U.S. Treasury indices returned +0.28%, +0.21%, and +0.15%, respectively.

The City's investment strategy for August 2026 was to invest funds not required to meet current obligations, in securities listed in the prevailing Investment Policy Statement, with maturities not to exceed five years from date of purchase. This strategy ensures safety of the City's funds, provides liquidity to meet the City's cash needs, and earns a reasonable portfolio return. PFM Asset Management LLC began actively managing the City's securities portfolio on September 1, 2020.

As of August 31, 2026, 45.39% of the City's portfolio consists of U.S. Treasury Notes, 19.18% consists of investment grade Corporate Notes, 14.70% consists of California Asset Management Program (CAMP), 9.59% consists of investment grade Mortgage-Backed Securities, 6.42% consists of investment grade Asset-Back Securities, 4.37% consists of Local Agency Investment Fund (LAIF), and 0.19% of investment grade Municipal Bonds. In addition, City bond proceeds are invested in separate funds and are not included in the calculation of the City's portfolio yield.

The City's securities portfolio is benchmarked against the ICE BAML 1-5 US Treasury Index.

The following table summarizes the investment yields other information of the City's investment portfolio components, along with comparable-maturity market indices. Also shown are the monthly interest income and aggregate year-to-date income.
